*“A man with leprosy once came to Jesus, knelt before Him, and said, “If You are willing, You can make me clean.” Moved with compassion, Jesus reached out His hand and touched him. Then He said, “I am willing. Be cleansed.” And immediately, the man was healed.”*

Mark 1:40–42

What makes this moment so powerful is that Jesus touched the man *before* healing him.

All of us have seasons when life feels heavy or uncertain.

We are offered the opportunity to continue what Jesus has already begun.

The greatest change God works, is not around us, but within us.

Our role is not to measure people by where they are today, but to walk alongside them with hope for what God is continuing to do in their lives.

Ponder this: What do you imagine it felt like for the man with leprosy, living isolated from others and longing to be seen and welcomed again? Jesus touched the man before healing him. What does that tell us about how Jesus responds to people? How should that shape the way we approach others?

#### How to Make Your Strategic Statements Real

Core Values, Mission statements, Vision statements, Purpose statements, Market statements, Belief statements are too often filled with corporate speak and buzzwords. We often over complicate them. Most simply; we need to answer Who, What, When, Where, Why, and How.

This P<sup>2</sup>P session will help you to craft statements that serve as a solid foundation for your business. Don't foolishly build on sand... (Matthew 7:24-27)
